DETAILED ACTION

Examiner of Record

As an initial matter, it is noted that the examiner of record has been changed from Celine X Qian, Art Unit 1636, to Christopher M. Babic, Art Unit 1637.

Information Disclosure Statement

The information disclosure statement (IDS) submitted on May 7, 2009 was filed after the mailing date of the NON-FINAL Office Action on July 11, 2008. The submission is in compliance with the provisions of 37 CFR 1.97. Accordingly, the information disclosure statement is being considered by the examiner.

Claim Rejections - 35 USC § 112 - Enablement - Withdrawn

Applicant's amendments and supplemental remarks (see response dated 12/2/2008 pg. 10-15) regarding the rejection of claim(s) 1, 6, 8, 9, 25-28, 30, 36, 37, 53 and 64 are sufficient to overcome the grounds of the rejection. Thus, the rejection has been withdrawn.

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided

by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Carol L. Francis on May, 7, 2009.

The application has been amended as follows:

1. Claim 25, step (c), line 1: At end add --and containing an estimate of likelihood of long-term survival without breast cancer reoccurrence in said patient.--

The following is an examiner's statement of reasons for allowance:

While a search of the prior art indicated that MYBL2 was expressed in ER-positive breast tissue (U.S. 2003/0143539, pg. 19 table 5; WO 99/44062, fig. 11), the art provides no guidance as to predicting the likelihood of long term survival without reoccurrence of breast cancer.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Rejoinder

Claims 1 and 25 are allowable. The restriction requirement with regard to claims 56-63 as set forth in the Office action mailed on September 21, 2006, has been reconsidered in view of the allowability of claims to the elected invention pursuant to MPEP § 821.04(a). **The restriction requirement is hereby withdrawn as to any claim that requires all the limitations of an allowable claim.** Claim 56-63, directed to further gene requirements are no longer withdrawn from consideration because the claim(s) requires all the limitations of an allowable claim.

In view of the above noted withdrawal of the restriction requirement, applicant is advised that if any claim presented in a continuation or divisional application is anticipated by, or includes all the limitations of, a claim that is allowable in the present application, such claim may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application.

Once a restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 443 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

Conclusion

Claims 1, 6, 8, 9, 25, 27, 28, 30, 36, 37, 56-63, 67, and 68 are allowed.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Christopher M. Babic whose telephone number is 814-

880-9945. The examiner can normally be reached on Monday-Friday 10:00AM to 6:00PM EST.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Gary Benzion can be reached on 571-272-0782. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
